**CONSENT ORDER**

This matter was opened to the New Jersey State Board of Pharmacy upon the receipt of information from the Professional Assistance Program (PAP) that Marc Greenberg, R.Ph. had a positive urine screen when he used two non-prescribed Darvon tablets the day prior to the date of the screen, January 17, 2007. Mr. Greenberg, the respondent, and Dr. Canavan, on behalf of PAP, appeared before the Board and testified under oath on May 9, 2007 regarding the unique stressful circumstances causing respondent to consume the Darvocet.

Having considered the testimony of respondent and the PAP representative, and the written submission of Louis Baxter, M.D., the Executive Medical Director of PAP, the Board has determined to modify

the terms of the Consent Order filed with the Board on September 13, 2005, attached hereto, by extending the probationary period for an additional year. All of the terms of the prior Order shall continue until August 31, 2008. Further urine screens shall be conducted in compliance with PAP recommendations until August 31, 2008.

IT IS THEREFORE on this 5<sup>th</sup> day of JUNE , 2007,
